

U.S. Sues To Divorce Bell, Western Electric

Say Split Will Lower Phone Rates

Washington, Jan. 14—(AP)—The government sued today to force the gigantic American Telephone and Telegraph company to abandon its billion dollar equipment making business. Attorney General Tom Clark said this could lower telephone rates throughout the country.

The suit demanded that A. T. & T. and its manufacturing subsidiary, the huge Western Electric company, be divorced. It asked that Western Electric be split into three competing companies. A. T. & T. then would have to go into the market for its equipment.

Filed by the Justice Department, the suit charged the firms with a "conspiracy to monopolize" the nation's telephone business. It said lack of competition keeps telephone equipment costs higher.

Without Improvements
In addition, the department charged, efficient improvements have been withheld from general use to save on replacements; that the present hand telephone set did not become standard equipment on the Bell System for 17 years after it was developed. (The A. T. & T. and its far-flung network of 21 operating subsidiaries are known as the Bell System.)

The suit, a civil anti-trust complaint, was filed in federal district court at Newark, N. J.

A. T. & T. replied that the public and telephone users "would suffer most" from the changes demanded. A statement was issued in New York by President Leroy A. Wilson.

"I am sure," he said, "that when all the facts are known, the existing arrangement will be found in the public interest."

Defends Argument

Western Electric has made the Bell System's telephone equipment since 1881, and the telephone users have benefited the most, Wilson said. He contended that general use of "high quality" Western Electric equipment in the Bell System means faster calls, more dependable service, and better hearing.

Wilson also said the present arrangement keeps equipment costs as low as possible.

News of the suit was followed by a \$1.50 drop in value of A. T. & T. shares on the stock market. The price went to \$147.75, lowest since 1943.

A. T. & T. was said by the Justice Department to have a physical worth of \$8,500,000,000. It was called the largest corporation in the world on the basis of assets.

Of Distance Calls
The department said that A. T. & T. operates more than 93 per cent of long distance facilities. It owns and controls operating companies in the Bell System furnishing 85 per cent of all local phone service in the country.

It owns 99.8 per cent of all Western Electric stock outstanding. In 1947, the book value of these shares was given as \$265,696,000.

Western Electric had sales of \$985,964,000 in 1947, of which \$902,655,000 were to Bell System companies.

The suit said that Western Electric makes and sells or controls the production of virtually all telephones and telephone equipment in the United States.

The Justice Department demanded that both companies and the proposed successors to Western Electric release their numerous patents to anyone desiring to use them for a reasonable royalty. In addition, the firms should supply the "know how" for using the inventions, the government contended.

Bank Gets Robbed For 3rd Time, But Robber Is Caught

Virgil, Ill., Jan. 14—(AP)—The Virgil State Bank was robbed today for the third time in three months. A bank customer was shot in the hip. About two hours later state police reported capture of Arthur Otowski, 20, who they said admitted taking part in the robbery and implicated another youth.

State Patrolmen George F. Jedicke and Everett E. Anderson, in squad cars, said they cornered Otowski, on a motorcycle, on U. S. highway 14, three miles west of Crystal Lake, Ill.

They said Otowski, of 1453 West Fullerton Avenue, Chicago, denied knowledge of the robbery. Then the policemen moved toward the motorcycle's saddle bag, and the youth, the policemen said, told them: "I might as well give myself up."

In the saddlebag, the policemen said they found \$1,917 in currency.

As late as the 18th century in Italy, there were more than 200 units of length called the "foot."

Reports Show Farmers Adopting Conservation

During the past year farmers of Illinois set an all-time record in putting real soil conservation on the land, State Conservationist Bruce B. Clark of Urbana reported Friday.

And District Conservationist John T. Whelan of Jacksonville announced that local farmers easily kept pace with the new statewide trend.

"Our farmers are getting the conservation job done at a more rapid pace than ever before, but we look for even greater progress during 1949," Mr. Whelan said.

Race Riots Sweep Southern Africa For Second Day

Durban, Union of South Africa, Jan. 14—(AP)—Race riots swept this city for the second day today as thousands of African natives fought and pillaged in the Indian section.

Every available policeman was called out but police were powerless to deal with the ugly outbreak against Durban's 110,000 Indian immigrants and descendants of immigrants from the Asian sub-continent. Troops also were called to stand by as the rioting continued.

So far none of the 120,000 white population had been molested. Sixty persons were injured in the outbreak when it began last night, but no figures were available on casualties in the disorders today.

At midday today several thousand natives, in gangs of several hundred, swarmed through the Indian area attacking Indians and looting Indian homes and shops.

Knetzer, Bankrupt Car Dealer, Can't Explain Actions

Edwardsville, Ill., Jan. 14—(AP)—Robert L. Knetzer, bankrupt automobile dealer, today was unable to account for \$2,000,000 given him by prospective customers other than to say he "spent it on living expenses."

Testifying in bankruptcy court here, Knetzer declined to answer questions he considered embarrassing. Referee Thomas Williamson had ruled that inasmuch as Knetzer was under indictment in connection with his automobile dealings, he did not have to answer questions he considered incriminating.

High W. Cross, attorney for the trustee of Arthur M. Kramer, as associate of Knetzer, asked that Knetzer be certified to Federal Court as being in contempt. Cross said that Knetzer's answers had been "evasive and false."

R. C. Williams told Cross that a written motion would be necessary, and gave Cross two weeks in which to file the motion.

Mail Pouch Filled With \$75,000 Is Reported Missing

Waukesha, Wis., Jan. 14—(AP)—A mail pouch crammed with \$75,000 in currency was missing today.

Postal inspectors said the sack contained paper money, some of it mutilated, which was being shipped to the Federal Reserve Bank in Chicago by the Waukesha National Bank. It was supposed to have been placed on a Soo line train leaving here at 6:30 p.m. (CST) yesterday.

It never arrived at its destination. In Chicago Chief Postal Inspector J. H. Marks said he couldn't say whether the sack actually was placed on a car of the train. He said inspectors were checking all incoming mail at Chicago to determine whether the money pouch had been misplaced.

Plan To Remodel Dyche Stadium Next Summer

Evanston, Ill., Jan. 14—(AP)—Remodeling of Dyche Stadium to increase seating capacity from 47,000 to 50,000 will be started by North Western University next summer.

The 3,000 extra seats will be provided by enclosing the stadium's south end and extending the east stand's north end with steel structures.

The construction, scheduled for completion in time for the 1949 football season, will give the stadium 50,000 permanent seats. Presently, only 37,500 permanent seats are available, remainder of the seating capacity coming from 9,500 wooden bleacher seats.

Dean Acheson Unanimously Approved By Senate Group

Washington, Jan. 14—(AP)—The nomination of Dean Acheson to be secretary of state won unanimous approval of the Senate foreign relations committee today after he indicted communism as "fatal" to freedom.

An excerpt from Acheson's secret testimony, released by Committee Chairman Connally "D-Tex," declared: "It is my view that communism as a doctrine is economically fatal to a free society and to human rights and fundamental freedoms."

"Communism as an aggressive factor in world conquest is fatal to independent governments and free peoples."

Thus Acheson capped his public testimony yesterday in which he scornfully rejected the label of "appeaser" in his views toward Russia and pledged himself to clean out any disloyal persons in the State Department.

Chairman Connally announced that all 13 members of the Senate committee—eight Democrats and five Republicans—voted solidly for Acheson.

Swift and virtually unopposed confirmation is expected in the Senate, probably next Tuesday.

Committee members questioned Acheson in a closed-door session lasting two hours and 15 minutes. All members were sworn to secrecy, except for the single excerpt of his testimony given to newsmen.

All that Connally would say was that Acheson discussed "intimate and delicate" questions of policy. In general, the assumption was that Acheson gave the senators a comprehensive outline of his views on world problems—views which he will translate into action in taking over the No. 1 diplomatic post. He is slated to succeed the firing Gen. George C. Marshall on Jan. 20, the day President Truman is inaugurated.

Earlier Senate opposition to Acheson appeared to be dwindling rapidly. Senator Smith (R-NJ), a foreign relations committee member who had been doubtful about the appointment, told newsmen he was "favorably impressed" by Acheson's testimony.

Senator Capehart (R-Ind.), who recently accused the administration of "killing" the bi-partisan foreign policy committee, commented: "I don't see any chance of beating him (Acheson). I haven't seen any documentary evidence against him."

Rate Hike For RR Of Illinois Taken Under Advisement
Chicago, Jan. 14—(AP)—A request by the 20 railroads operating in Illinois for a six per cent increase in rates on freight shipped within the state was taken under advisement today by the Illinois Commerce Commission.

A decision is expected to be announced in Springfield next week. The railroads contend the increase is necessary because of higher operating costs. If allowed, it would give the roads an additional \$4,000,000 income annually.

The only objections during the lengthy hearings on the proposal were raised by the Chicago Board of Trade and several northern Illinois coal shippers. The Board of Trade asked that the freight rate on grain be lowered five per cent.

On Jan. 11 the Interstate Commerce Commission gave the roads a six per cent boost on freight shipped across state lines.

Find Wife Hanged When He Comes Home For Lunch
Galesburg, Ill., Jan. 14—(AP)—Mrs. Florence Marsh, 52, wife of the superintendent of the nearby Williams field school district, was found hanged today in the garret of her home.

The body was discovered by her husband, Herbert, when he returned home for lunch. Sheriff Charles M. Dahler said the woman had been despondent over ill health.

The Marsh family moved to Williamsfield from Madison, Wis., two years ago. Besides her husband, a son, Herbert Jr., 16, and a daughter, Mrs. Thomas Osborne of Madison, survive.

Find Hormone That Retards Growth Of Rabbit Cancer
Washington, Jan. 13—(AP)—Discovery of a human urine substance that slows the growth of rabbit cancer cells in a test tube and alleviates anemia in rats was reported today.

Biochemists Earl R. Norris and John J. Majumdar of the University of Washington, Seattle, who made the report, offered no statement as to whether the discovery had implications for the attack on human cancer and anemia.

They described their finding in "Science," weekly journal of the American Association for the Advancement of Science.

They have tentatively named the substance "vitamin B-14" although they said its origin and function is probably more that of a "hormone" than a vitamin. (A hormone is a kind of chemical messenger—a substance that is formed in one part of the body, but stimulates activity in another part. A vitamin is a nutrition substance.)

PARISIAN STRIKE—
Paris, Jan. 14—(AP)—Hundreds of striking workers occupied the big Panhard automobile plant on the edge of Paris tonight. They are demanding higher pay and cost of living bonuses.

The word "mile" is derived from Latin words meaning a thousand paces.

SHUT DOWN MINES
Frankfurt, Jan. 14—(AP)—The Russian uranium mines in Soviet-occupied Saxony will be shut down soon, the Frankfurter Rundschau said tonight. The American-licensed paper said the low-grade quality of the ore was the reason.

Man Who Stole \$5 From Cab In 1929 Is Refused Parole
Chicago, Jan. 14—(AP)—A Menard state hospital inmate, sentenced to one year to life for a 55 cent robbery nearly 20 years ago, today lost his attempt to gain freedom on a writ of habeas corpus.

The writ, entered by Harris Bailey, 45, was quashed by Chief Justice James J. McDermott of criminal court.

Bailey's attorney claimed his parole, originally set for 1948, had been postponed to 1951 and then to 1956 without explanation, although Bailey was classed a "grade A" prisoner.

Judge McDermott held that the state parole board has full authority in deciding on the parole eligibility of inmates.

Bailey was sentenced in 1929. He escaped while being taken to Menard, served a prison term in California for robbery and was returned to Menard after his parole in California.

Clark Proposes Bill To Tighten Spying Laws
Washington, Jan. 14—(AP)—Attorney General Clark tonight formally proposed a broad-scale tightening of the espionage laws and asked that wire-tapping be legalized "in the interest of national security."

Clark said he had sent a bill embodying his proposals to speaker of the House Sam Rayburn (D-Texas) and Senator McCarran (D-Nev.), chairman of the Senate judiciary committee.

High among his recommendations was a plan for eliminating the statute of limitations so far as espionage cases are concerned.

Reds Fix Peace Terms For Chiang Regime

Neutrals In Cold War To Get No U.S. Arms

Washington, Jan. 14—(AP)—The United States gave notice today that countries remaining neutral in the American military help even if she refused to enter into the North Atlantic Defense Alliance now being actively planned.

Meanwhile, the State Department struck out anew at Russia in a statement accusing Moscow of "gravely endangering the peace" with the blockade of Berlin.

The department's view was made public in a foreign policy outline distributed at a human rights meeting of 250 private groups and government agencies.

It said: "Instead of the great power team work so devoutly sought by the people of the world, the obstruction of one country and its willing or unwilling associates has seriously hampered the activities of the United Nations."

"The end result, if not the aim, of the Soviet program has been to weaken the effectiveness of the U. N. and to shake the confidence of many people in it as an instrument of peace."

As a result, it continued, "forward-looking governments" have begun to seek additional means of preserving the peace in keeping with the principles of the U. N. charter.

"The only satisfactory antidote to fear," the department said, is collective action by the democracies in order to "confront a potential aggressor with preponderant power together with economic recovery and political stability."

Russians Threaten To Cut Electrical Supply To Bavaria
Frankfurt, Germany, Jan. 14—(AP)—Gen. Lucius D. Clay, American military governor, said tonight the Russians have threatened to cut off electrical power in Bavaria from the Russian zone, beginning tomorrow.

He said the Russians demanded that power supplied by them be paid for in equipment rather than in money, and that unless their request was met the power inflow would be cut.

There is an embargo on shipment of goods into the Russian zone, and Gen. Clay stated at a news conference, "we are not willing to lift the embargo."

He said an investigation would be made to determine if any electrical power is going into the Russian zone from Bavaria and if it is, it would be cut off.

At present Russian zone facilities provide Bavaria with 10 per cent of its total electrical power.

Recorder Told He Could File Man's Claim On Heavens
Chicago, Jan. 14—(AP)—An up-in-the-air county recorder was solemnly advised today he could record a Chicago publicity man's claim to "celestial space."

However, the state's attorney's office told Recorder Victor L. Schlager the mere recording of the claim made by James Thomas Mangano, 52, would not lend it "approval or credibility."

Schlager had asked the prosecutor's office for advice after Mangano submitted his plan for staking a claim on all heavenly area except that occupied by celestial bodies.

Mangano declared he would call the newly claimed space "celestial" and would carve it into atmospheric subdivisions roughly the size of the earth. The chunks, he said, would be sold for \$1 apiece because "the common man ought to have a chance."

The state's attorney's office ventured this opinion: "We find nothing in the statutes of Illinois specifically governing the recordation of declarations of ownership seizure and possession of celestial space"

"Possibly the matter is over our heads."

BONUS CHECKS
Chicago, Jan. 14—(AP)—Four hundred soldier bonus checks worth \$178,654.02 were mailed yesterday. To date Illinois has paid out \$300,888,997.13 to 410,599 World War veterans from downstate and 413,999 from Cook county.

Measurement in England was not standardized until John Birck made yardsticks in 1758.

Passers By Foil Attempt Of Boys To Blast School
Phillipsburg, Pa., Jan. 14—(AP)—Two casual passers by foiled an attempt to dynamite the Phillipsburg high school by two disgruntled 14-year-old boys.

Policeman Victor Fleck said the youths planted 180 sticks of stolen dynamite around the new building's main entrance but were frightened away before setting off the blast when two unidentified persons walked by.

Juvenile Officer Paul Zimmerman of Centre county said the eighth grade pupils, who didn't get along in school, were released in their parents' custody pending a hearing tomorrow.

Say They Will Soon Occupy All Of China

Shanghai, Jan. 14—(AP)—The Chinese communists broadcast tonight eight terms for peace which would amount to total surrender of the sore-dressed Chiang Kai-Shek regime.

In any case, said the long statement by Communist Chairman Mao Tse-Tung, a few more heavy military blows will cause the Chiang government to "crumble into dust and extinction."

As if for emphasis, the communists preceded the peace conditions with announcement that their troops had smashed into the great northern city of Tientsin at noon.

The statement by Mao, broadcast from Yenan headquarters in both Chinese and English, listed these terms:

"1. Punish war criminals." (This would include Chiang Kai-Shek, who heads the communist list of government leaders so designated.)

"2. Abrogate the bogus constitution." (Adopted in 1946 without communist participation.)

"3. Abolish the Kuomintang's legitimacy of traditional institutions." (The Chinese version of this point called for "calendar years to be counted from Anno Domini, not the republic's founding.")

"4. Abolish the Kuomintang's insistence on the Christian calendar apparently was one of the means intended to wipe out the tradition of the republic founded in 1911."

"5. Re-mold all reactionary armies in accordance with democratic principles."

"6. Confiscate bureaucratic capital."

"7. Reform the agrarian land system."

Air Force Spends Last Of Its Funds On New Fighters
Washington, Jan. 14—(AP)—The air force spent the last \$109,000,000 of its available funds for new planes today, ordering 158 jet all-weather or night fighters and an unstated number of light trainers.

The navy also used up most of its remaining money today in spending \$80,000,000 for planes. Navy spokesmen said President Truman had approved the new orders, but declined to tell immediately how the orders are distributed.

The air force purchased 48 Northrop P-39 two-engine night fighters and 110 Lockheed P-94 night fighters. It said the decision on the light trainer had not been made. The likeliest choice is the Fairchild T-31, developed originally for the navy.

Number Of People Losing Jobs In U.S. Increases Greatly
New York, Jan. 14—(AP)—The number of people losing their jobs is increasing across the country. Some areas are affected more than others.

While disturbing to the individuals and communities concerned, federal and state government experts say there is no cause for alarm.

For the country as a whole there are only 2,000,000 unemployed, an unusually low figure, and the number of employed is nearly 60,000,000, hovering around all-time records for this season of the year.

But there are more workers out of jobs today than at this time a year ago. An Associated Press survey in nearly a score of principal states, indicates that increases in unemployment or in claims for insurance or compensation range from four to 201 per cent above the 1948 level.

The reasons given for the increasing unemployment include regular seasonal adjustments, severe winter weather and industrial adjustments being made with the return of more normal post-war trade conditions. This includes the leveling off in such industries as radio, shoes and apparel and similar lines where war-born shortages have ended.

MAN STEALS BREAD; HAD \$1.275 IN POCKET
Baltimore, Jan. 14—(AP)—A man with \$1.275 in his pockets was arrested today and charged with stealing a 10-cent loaf of rye bread.

Magistrate James R. Cadden asked Frank Johnson at a preliminary hearing why he had all the money on him.

"Bread Expenses," the 69-year-old defendant replied.

The magistrate ordered him held for further investigation.

WHITE HOUSE IS BIG MONEY

President Truman's determination to increase the taxes on corporations, and his suggestion that middle and big income tax brackets could stand increases, would sound a little more plausible if Congress were not going ahead with proposals to increase his own pay of \$75,000 and \$30,000 allowance money with his apparent approval.

Off hand, the salary increase seems warranted. Mr. Truman has had to scrimp to keep from going into debt. But he is managing, and actually is saving something, according to best reports. There are proposals to pension him, which if successful will obviate the need of saving.

He thinks big taxpayers ought to be willing to scrimp to help finance the huge foreign aid plan, the record peacetime defense program, various subsidies and so on. In the top bracket these taxpayers give the government three dollars of every four earned. They possess no immunity to inflation. Some of them have given up yachts in order to meet the high tax rates. It is pretty hard for anyone to buy and maintain a yacht in these days unless he has wealth accumulated before the high tax rates took effect. But Mr. Truman has his yacht, as well as a private plane.

As head of the world's greatest country, he is entitled to live well. But doesn't the country owe as much to its leading exponents of free enterprise, who are really responsible for the luxuries that all of us enjoy and who made this country worth saving?

Boyle's Column

A Discussion Of She Bears And Valentines

By Hal Boyle

New York.—Is a housewife more sentimental than a showgirl? Is a blonde warmer than a brunette? Is a redhead? What does a lady bear do in a bar? Yes, a real lady bear.

These pressing problems of romance and animal behavior were settled in a single action-filled afternoon on the pseudo-scientific front.

Six beautiful girls—a housewife, a business secretary, a college freshman, and three Broadway showgirls—were the subjects of the first test. J. Harry Lange, 56-year-old salesman for the Hallmark greeting card company, read each a sentimental, lovey, and humorous Valentine card.

Their reactions were recorded on a "sentimeter," which is the nickname for a continuous-balance electronic potentiometer. The machine scientifically records temperature changes of one-tenth of a degree in one-five hundredths of a second.

Housewife Registered "Hot"

Well, guess what? The housewife registered "hot" on the sentimental greeting but "cold" for the lovey and humorous approaches. But that's no news. Any husband knows a wife can't see anything funny about love.

The secretary, on the other hand, registered no change at all. This may have been because she had been taught never to mix business and pleasure. Or it might be explained by the fact that Lange, after all, was to her only another bald-headed married stranger.

The reaction of the blonde showgirl, "lukewarm." The brunette, Norma Thornton, of Iowa City, Ia., registered "warm-hot." The red-haired lass, Abbe Marshall, was clocked at "semi-boiling."

But the blonde—Jury Sinclair of Philadelphia—remarked: "If they'll just give with a fun coat instead of a Valentine, I'll burn up the darn machine."

Then Lange himself climbed on the seat. As one showgirl read him a Valentine, the other two suddenly threw their arms around him and kissed him. He zoomed the machine's pointer up to "boiling." And who would that surprise? Everybody knows about bald-headed men.

Oh, yes, the bear.

Well, on the way back to the office I saw a crowd outside a bar. I went in and there was a trained Russian bear, standing behind the bar and wearing a white apron.

The bear was a Russian. She was named Laura and weighed 375 pounds. She was drinking a mug of beer from Rita Colton, a television actress. One of the regular patrons was grumbling about the whole business.

"Give The Bear A Check"

"Give the bear a check," he grumbled. "Nobody lets me lap up beer free."

And I kept thinking about the decline of press agency in old New York. Now if I were a press agent and wanted to stir up a little advance in Valentine's day, I'd have done the whole thing different.

Why not invite Joe Stalin over and strap both him and Laura into the sentimeter? Together and have them read Valentine cards to each other? Nobody really knows how sentimental a she-bear is. Or Stalin, the Russian he-bear, either. That would be real news.

Adventists Will Raise Funds to Carry on Work

Seventh-day Adventists will launch a drive for funds to carry on their world-wide humanitarian work Jan. 18, it was announced Friday by L. J. Marsa, pastor of the local Seventh-day Adventist church.

This will mark the 41st consecutive year that Adventists have conducted a house-to-house solicitation campaign for contributions to aid medical, educational, and missionary projects in all parts of the world.

Funds for the drive, known as ingathering, will help support a system of 167 medical institutions and 290 colleges and secondary schools and other projects being carried out by missionary doctors, nurses, teachers and ministers located in 226 countries, the pastor said.

Many of the medical and educational institutions are located in areas otherwise beyond the reach of civilization, he said. "Among the scores of projects to be carried out are equipping of the surgery department of a sanitarium-hospital in Rio de Janeiro; supplying of medicines to be dispensed by a mission motor launch fleet to natives living

along the Amazon river, and enlargement of an African leper colony.

The ingathering goal for the local church has been set at \$500. The over-all goal for the drive is two and a half million dollars.

Blaze Destroys Rural Parsonage

The unoccupied parsonage of the Island Grove Methodist church, east of Alexander, was destroyed by fire Tuesday night, probably as an indirect result of the sleep storm. It is believed the fire started from a short circuit in the electric wiring leading into the house as a result of heavy icing.

J. Brown Hitt, owner of the building, was remodeling it in preparation for occupancy by himself.

Damage from rust, rot and neglect during winter is often more costly than the wear and tear of actual use. Here are some tips that cut down repair bills.

1. If possible, house idle machinery in a good shed.
2. Clean out all dirt and trash.
3. Tighten loose bolts, check for cracked or broken parts.
4. Apply rust preventive to unpainted surfaces.
5. Remove belts and canvas—store in a dry place away from rats, mice and birds.
6. Order repair parts now and make repairs this winter.

Bring your machinery in now for reconditioning. We handle major overhauls, painting and minor repairs.

BAPTISTS WILL DEDICATE ALTAR

Members and friends of the First Baptist church of Jacksonville will share in a special dedication service of worship on Sunday, January 16, at 10:45 a. m. A beautiful altar has been erected in the chancel and will be dedicated at this time.

Some months ago the board of deacons drew up plans for an altar of God in the sanctuary. Plans were approved by the advisory board and the church. A printed bulletin will be given to all worshippers on the Sunday of dedication. The front cover will feature a photograph of the altar. Those persons not affiliated with other churches in the community are cordially invited to participate in this service next Sunday.

Quartet Singers Will Converge at Versailles Feb. 24

At a rehearsal of the SPEBSQSA Thursday night at the Farm Bureau hall, the members voted to stage a chorus recital and quartet entertainment at the Versailles community building Feb. 24. The event will be sponsored by the Loyal Friends class of the Versailles Christian church to raise funds.

Quartets from Beardstown, Mt. Sterling, Peoria and Jacksonville will participate.

This is the third show in two months scheduled by the local Chapter singers. January 18th they are to appear at the regular meeting of the Franklin Men's Club; February 11th at a show sponsored by the American Legion at Waverly. Don Woods, Marion Woods and E. H. Sheppard are in charge of the Waverly program and Harry Bray and Harold Kamm are co-chairmen of the Versailles show.

The combined Corn Belt Chorus of about 200 voices will be presented at a show at Burlington, Iowa on February 6th. Several local singers expect to go to this affair.

The Bloomington show which is one of the largest in the state will be held February 20th. The local chapter usually charts a bus for this occasion, and goes almost 100%. Twenty-eight members attended the last show and swelled the chorus to about 250 voices.

Former Resident Of Literberry Community Dies

Mr. and Mrs. Edgar Anderson of Concord received a telegram Thursday reporting the death of Mrs. Elam Anderson at Moline.

Mrs. Anderson formerly resided in the Arcadia-Literberry community and was an active member of the Literberry Methodist church. She and Mr. Anderson moved to Moline about ten years ago.

The deceased is survived by one son, Carl of Evanston, Ill., one daughter, Mrs. Bert Stone of Moline, and one sister, Mrs. Lonnie Shaw of Mammoth Cave, Ky.

Mr. and Mrs. Edgar Anderson left Friday afternoon to attend the funeral services which will be held Saturday afternoon at 3 o'clock with burial in Fairview cemetery, Moline.

Mrs. K. Fernandes, Formerly of City, Dies in California

Leo J. Clancy, 428 South Clay avenue, has received word telling of the death of his aunt, Mrs. Katherine Fernandes of Los Angeles, Calif., a former Jacksonville resident.

Mrs. Fernandes has resided in California for the past six years, making her home with a son, John S. Fernandes. Before going to California, she lived in Beardstown, prior to which she had always made her home in this city.

She was preceded in death by her husband, Joel E., two sons, Thomas and Harold, and one daughter, Miss Ada Fernandes.

Her son, John S., survives, together with two grandchildren, Mrs. Raymond McCarthy and Thomas James Fernandes, both of Springfield, and several nieces and nephews.

The body will arrive in this city Sunday and will be taken to the Revery Funeral Home, where it may be viewed after 7:30 p. m. of that day.

Funeral services will be held Monday at 8:30 a. m. at the Church of Our Saviour. Burial will be in Calvary cemetery.

Dessert recipes are something that no one ever has enough of—especially those that feature fruit and tender biscuit dough. Somehow those seem to be the favorites, and with good reason, too: the fruit filling in the rich crust or biscuit dough is usually a dessert at its finest.

New recipes are always fun to try, too. Who knows—you may find one that is even better than your favorite! And variations on time-tested recipes are always pleasant exploration. So don't hesitate to try new recipes. As your repertoire increases, you'll find a cook will spread!

Desserts are an ideal and often inexpensive way to entertain, too. A dessert bridge in the afternoon or evening, dessert served during an afternoon party, or even an informal "Come on over for dessert after dinner" invitation to your favorite friends down the street—all are a pleasant way to extend hospitality and friendliness. Most folks have a "sweet tooth" and consider dessert the high-light of a meal.

An apple cobbler—on which has a lower crust instead of an upper one—is nice for a change. Save a few strips of biscuit dough for an open-work crust. Or if you like, you might make individual cobblers in small pie pans. Apple dumplings

Draft Officials From 17 Counties To Hear Col. Armstrong Jan. 19

Col. Paul G. Armstrong, state director of the Selective Service system, accompanied by members of his staff, will come to Jacksonville next Wednesday night, Jan. 19, to address a conference of Selective Service officials from 17 central Illinois counties.

The session scheduled for 8 p. m. at the Morgan county court house is one of a series now in progress throughout the state.

SILVER WEDDING DATE

MR. AND MRS. RAY McALLISTER

Twenty-five years of wedded life will be celebrated on Sunday, Jan. 16, by Mr. and Mrs. Ray McAllister of Meredosia, when a reception in their honor will be held at the parish hall of St. John's Lutheran church in Meredosia.

A family dinner will be given at the residence preceding the reception. The couple will receive their friends at the parish hall from 2 to 4 o'clock Sunday afternoon. All friends are invited to attend.

The celebration has been planned by their children, Mardell McAllister of this city and Byron Ray McAllister of Meredosia.

The couple was united in marriage on Jan. 17, 1924 at St. John's Lutheran church in Bluffs, in a ceremony performed by the Rev. W. C. Heindrich. Mrs. McAllister was formerly Miss Ellen Vortman of Bluffs. They have spent their entire married life on the Russwinkle-Mueller farm, two miles east of Meredosia.

Last Rites For Mrs. Harry Capps Take Place Friday

Services in memory of Mrs. Harry M. Capps took place Friday afternoon at 3 o'clock at the Congregational church. Dr. W. H. Pankhurst was the officiating minister.

Organ selections were played by Mrs. Arthur Hecker.

Caring for the numerous floral tributes were Mrs. Robert Carps, Mrs. John Hackett, Miss Edna Walsh, Mrs. Max Thompson, Mrs. William T. Wilson, Mrs. Theodore C. Rammelkamp and Mrs. W. H. Buescher.

The pallbearers were John Hackett, Robert Carps, Harry Hammit, Theodore C. Rammelkamp, E. W. Brown, Walter Bellatti, Sr., and Earl Spink.

Interment was in Diamond Grove cemetery.

Blueboys Play Host To Strong Wheaton Five At ISD Tonight

The Illinois college Blueboys, who two days ago proved themselves to be among the top contenders for the Little Nine cage crown by edging James Millikin 66-61, will try for their second C.C.I. win of the week when they tangle with the Wheaton Crusaders on the I.S.D. floor tonight at 8:15.

Boasting now a season record of eight wins against three losses, the Miller coached five will be gunning for their second conference victory against a single loss. In West-levan and Millikin the Blueboys have faced two of the first division league quints and Wheaton will be the third. In pre-season judging these three teams have been rated the top three clubs in the Little Nine.

Wheaton Loaded With Talent
The Crusaders, co-champions with Millikin in the 1947-48 cage campaign, will bring a star studded cast of players to Jacksonville. Heading the parade is their leading scorer, center Marvin Johnson, an all-conference choice as the outstanding center of the loop when a freshman last year. He averaged 19.2 points per game in C.C.I. tilts last year and compiled a total of 394 points during the season. He uses his six feet four inches of height to advantage on pivot shots under the hoop and hits equally well from a distance.

Back again at the forward spot will be Max Norman, a Paris product, who transferred to Wheaton from Bradley and through one semester's service rated honorable mention from the C.C.I. coaches last year. He is only 6' 1" but is a good rebounder and extremely fast.

Boast Leading CCI Scorer
Another lad who boasts the same amount of height but has twice been named all-conference guard in his first two seasons of college ball is Bud Schaeffer. He captured the Little Nine scoring championship in 1946-47 and rang up 299 points last season.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Jan. 14.—(P)—Hogs wound up the week today about 25 to 50 cents a hundred pounds below where it was a week ago. The current session was steady to 25 cents lower than Thursday's trade. Cattle were steady to 50 cents lower but sheep were strong to 25 cents higher.

Barrows and gilts, grading good and choice sold mostly from \$12.25 to \$12.50, the top. Sows made \$15.00 to \$16.00.

Choice cattle were absent, leaving medium and good steers and heifers to the trade at \$21.00 to \$26.00. Most beef cows sold at \$18.00 and below, while the practical ton on sausage bulls was \$22.50 and on good beef bulls \$22.25. Calves ranged downward from \$34.00.

Lambs topped at \$25.25 and ewes at \$11.50.

Salable receipts included 9,500 hogs, 1,500 cattle, 300 calves, and 2,500 sheep.

New York Stock Market

New York, Jan. 14.—(P)—A flurry of selling hit the stock market today after news that the government had filed an anti-monopoly suit against the American Telephone & Telegraph Co.

Telephone stock dropped more than a point to a low since 1943. Weakness immediately spread to other sections of the market but enough support developed to hold declines down to less than 2 points.

Trading expanded as prices declined but later reverted to the slow pace which has prevailed this week. Turnover was at the rate of around 950,000 shares for the full session.

Also down were U. S. Steel, Youngstown Sheet & Tube, General Motors, Chrysler, Goodrich, Sears, Roebuck, Schenley, Kennecott Copper, American Can, Westinghouse Electric, Du Pont, Johns-Manville, J. C. Penney, N. Y. Central, Standard Oil (N.J.), Skelly Oil (off 5 at one time), and Eastern Air Lines.

GRAINS, SOYBEANS, LARD RALLY AFTER EARLIER DECLINES

Chicago, Jan. 14.—(P)—Grains, soybeans and lard rallied today after sinking to new lows on the current downturn in early dealings.

Short covering and some new buying attracted by the mark-downs of the past few sessions brought about a rally, which got underway around mid-way in the session. It was sparked by soybeans and lard, the weakest commodities in recent days.

Grain men said the rally may have been technical in nature, reflecting an over-sold condition of the market. In early dealings all lard, July soybeans and December corn and oats made new seasonal lows. Losses were either greatly reduced or replaced with small gains later.

Receipts were: Wheat 9 cars, corn 207, oats 33, soybeans 8. Wheat closed unchanged to 1/2 higher. May \$2.25-1/2, corn was 1/2 lower to 1/2 higher. May \$1.46-1/2, oats were 1/2 lower to 1/2 higher. May \$1.75-1/2, soybeans were 1/2 higher. March \$2.47-1/2, and lard was unchanged to 12 cents a hundred pounds lower, January \$14.90.

Cash lard was offered at \$14.90 a hundred pounds, a new low since June, 1946.

College Football Will Be More Exciting And Not So Rough In '49

Palm Springs, Calif., Jan. 14.—(P)—There won't be much difference in the matter of wholesale substitutions running on and off college football fields next fall, but the game will be a little more exciting and a little less rough.

Such were the deductions today as members of the intercollegiate rules committee headed homeward after another tussle to improve the grid regulation book.

Rules Book Attention
The highly controversial free substitution rule rated top attention. Admittedly, according to William J. Bingham, of Harvard, chairman, this provoked hot debate in the closed door sessions. But coaches accused of push-button operations were curtailed in one respect and given free rein in another.

"I don't think changes either liberalized or modified the rule, but instead made it less confusing," Bingham commented.

Here are the new statutes on the subject:

Coaches will not be permitted to send one player at a time into the game while the clock is running—a practice that brought on the push button term. That's out.

They will be allowed, when the ball changes hands, to send in as many players as desired on either team. But subs must be in and ready to play while clock is running and before the customary 25-second period elapses from the time the referee placed the ball in position.

Free Substitution Stays
Those are new edicts. They can still send in as many players—players included—while the clock is stopped. They can still replace an injured man and opposing coaches can still jockey for field as many fresh players as fancy dictates.

Encouragement to offense is contained in these rules:

A player can elect to run back a punt from scrimmage if the ball is caught in the end zone. This used to be an automatic touchback and the ball was placed in play on the 20-yard line.

If a punt receiver gets nailed in the end zone, back of the goal line, it still goes as a touchback and the ball goes to the 20-yard line.

Roodhouse Takes 47 To 43 Decision From White Hall

Roodhouse—The local railroad quint took a 47 to 43 tussle from White Hall's Maroon five here last night.

Millies, high scoring White Hall forward, tallied 18 points for the losers, and was high scorer of the evening. Ballard and Benner each counted 14 for the winning Railroad crew.

Roodhouse also copped the preliminary contest by a 45 to 36 margin.

The Box Score:

Bath Drops Game To Chandlerville

Chandlerville—Each of the eight men sent into the game by Coach Sarff broke into the scoring column when they met Bath here Friday night. The locals surged ahead early in the tilt and were never headed.

The juniors also won the opener 35-20.

Lindsay and Minor were the big whips for the visitors.

With the season's count standing at seven wins and as many losses, Chandlerville will next play Franklin in the Ashland tournament Wednesday night.

The Box Score:

	FG	FT	TP
Chandlerville	5	2	12
Bath	4	1	9

Arenzville Whips Franklin, 64-30

Franklin—The Arenzville quintet invaded the local gym and swamped the Franklin five 64 to 30 in a hardwood tussle.

D. Wessler, Arenzville center, flipped in 22 points to lead the 8 winners, while White garnered 19 tallies for Franklin.

Unbeaten Gophers And Purdue Clash Saturday Night

Chicago, Jan. 14.—(P)—Illinois, currently leading the Big Nine basketball race with three victories and no defeats, will sit this round out tomorrow as the league's other eight members engage in a four-game program.

The Illinois, who have defeated Wisconsin, Indiana and Ohio State, although not in conference competition, will meet Creighton University at Champaign.

Something is bound to "give" at Lafayette, Ind., tomorrow as undefeated Minnesota and Purdue, now tied for second place in the Big Nine with two triumphs and no losses, meet in a game that appears even.

Both the Boilermakers and the Gophers scored 45 points in topping Michigan, defending champions.

In other games tomorrow Ohio State (1-1), which lost by one point, 64 to 63, to Illinois, will travel to Iowa City to meet the Hawkeyes who have bowed to Purdue and Indiana.

Wisconsin (0-2) will be host to Indiana (1-1), and Michigan (0-2) will entertain Northwestern (0-1).

Bradley, 80 to 37 victory over Dakota Wesleyan last night, will seek its 15th triumph in 16 starts at Wichita tomorrow. In other games DePaul of Chicago will invade Niagara, Marquette goes to Ohio to play Bowling Green and Loyola of Chicago will attempt to avenge an earlier one-point defeat by Toledo University when the Ramblers entertain the Ohioans in Chicago.

Waverly Quintet Rolls To 74-52 Win Over Virden

Waverly—Waverly Scotties coasted to an easy 74 to 52 victory over the Virden cage crew here last night.

With Peters pacing the local five, they jumped into an early lead, and held a 40 to 18 edge at the intermission.

Lyle King, Waverly mentor, used his reserves freely in the second half and rolled in to a win on his substitute power.

Peters, Waverly forward, was high scorer for the contest with 28 tallies. Scofield was tops for Virden, netting 15 counters.

The Box Score:

Winchester Grabs 11th Straight Win; Whips Carrollton

Winchester—The high-rolling Winchester Wildcats made it win No. 11 here last night when they clipped the Carrollton Hawks by a 51 to 36 count in an Ivy League contest.

It was the fifth conference win for the Wildcats and they have yet to taste defeat in a loop game.

Winchester jumped into an early lead, and increased their edge to 20 to 5 at the halftime, when the visiting Hawks failed to register a single point in the second frame. The Carrollton crew attempted to keep the ball away from the Winchester aggregation in the second half, but their strategy failed as Reggie Hankins dumped in 22 points to lead his team to an easy victory.

Boe, Carrollton center, also had a good night at the hoop, garnering nine baskets and three free-throws for a total of 21 points.

The little Wildcats took the preliminary contest by a 44 to 38 margin.

The Box Score:

Rocket Five Coasts To Easy 57-35 Win Over St. James Cagers

In a game that can only be called anti-climax after the Rockets' hard-fought one point victory over Bob Kraushaar's local, Crimson quint, the Stroudmen from the east side coasted to an easy 57 to 35 win over St. James of Springfield on the local court last night.

A. J. Spreen picked up where he left off in Thursday night's fracas and poured in 8 points the first quarter to push the Rockets into a 16 to 11 advantage at the end of the first eight minutes of play.

Second Canto Slow
In a very slow second quarter the visitors managed to stay on comparatively even terms with the locals. The Tradesmen fell into a zone defense and the Rocket quint controlled the ball, pushing through an occasional long shot to hold the edge 23 to 17 at the intermission.

Paul Kennedy, local forward, moved into the pivot position during the latter part of the second quarter and throughout the third canto to crack several nice hook shots. He, and Baner, Rocket center, found the visitors' zone easy pickings from around the free throw line, and held "field day" in the third quarter to pile up a 40 to 24 lead over the Tradesmen.

Reserves Play Fourth Quarter
Paul Stroud inserted substitutes freely in the last canto, and gave his hard playing regulars a much-deserved rest. A. J. Spreen took his rest a little earlier than the others—after he left the contest on—personally early in the third frame.

The Rocket reserves continued to pour it on the St. James crew in the last eight minutes, and with 10 men breaking into the scoring column, they coasted into an easy 57 to 35 win at the horn.

The preliminary was a replica of the Routt-Crimson fray. After trailing throughout the majority of playing time, the Jr. Rockets turned on the heat in the waning minutes to catch the visiting seconds and push into a one-point lead to take the melee by a 29 to 28 tally.

The Box Score:

Jerseyville Wins Ivy League Fray From Greenfield

Jerseyville—The local five grabbed a 42 to 31 Ivy League hardwood tussle from Greenfield here last night. Reynolds, Panther guard, dumped in 12 points for the winners, while Davis, his forward, was no far behind with 11 tallies. Mitchell, visiting center flipped in 14 points to lead the losers.

The Jerseyville reserves clipped the Greenfield seconds 44 to 33 in the preliminary contest.

The Box Score:

	FG	FT	TP
Jerseyville	17	8	42

Eastern Illinois Beats Western In IAC Race

Charleston, Ill., Jan. 14.—(P)—Eastern Illinois State College opened its Illinois Intercollegiate Athletic Conference tie campaign to night by defeating Western Illinois State 64-55 in a top downstate basketball game.

It was Eastern's tenth win in 11 starts for the season.

Eastern, moving into the favorites role in the IAC race, led at halftime 24-22. At the outset of the second half, Jim Graham and Red McClure paced Western into a 33-27 edge.

Don Glover and Jack Miller quickly put Eastern back in the lead to stay.

Ray De Moulin topped Eastern's scoring with 17 points while Graham was high for Western with 14. Five Western players were banished on fouls during the rough contest, and two Eastern men were evicted. Thirty-seven personals were charged to Western and 24 to Eastern.

Virginia furniture from 1680 onward shows, successively, trends in William and Mary, Queen Anne, Georgian, Chippendale, Adam, Heppelwhite, Directoire and Sheraton styles.

Science Advice To Congress Asked

New York. (P)—Science needs someone to tell it the scientific facts of life, says Dr. David M. DeLo. He urges that a special committee of top scientists be set up to advise Congressmen on scientific matters so that they can make wise decisions and laws in the atomic age.

Dr. DeLo is chief of scientific manpower in the Research and Development Group of the Army General Staff's Logistics Division. He proposes the science liaison board to help Congress in an article in "Chemical and Engineering News," a journal of the American Chemical Society.

Science today affects almost every phase of American life, he writes. Congressmen have to make many decisions that should be based on accurate scientific and technical information, he adds, but most congressmen don't have technical training in science.

He proposes a strictly non-political board of men representing all branches of science to give Congress unbiased technical advice. Its members "should also be men who possess a perspective of national problems in addition to their technical competence."

Dr. DeLo, who stresses that he is writing his own opinions, says the National Academy of Sciences and National Research Council were established for this purpose. But "unfortunately, circumstances have not placed them in a position to be of maximum assistance to the executive and legislative branch of the government."

MERRY drew a long breath and made herself get changed for dinner. Since she and Kin were having dinner there in the apartment, she put on a housecoat, a far more glamorous gown than she would have chosen for one of Marshallville's most formal parties—a garment of pale rose-colored satin brocade, printed with large palely gleaming golden roses, belted about her slim waist, the wide, billowing skirts brushing the tops of her golden sandals. A pale gold ribbon threaded through her brown curls and she was ready.

Kin looked at her in swift delight as she came in, and asked, "Well, well, and how did the unfortunate young man react to the broken date?"

Merry laughed. "Oh, he wasn't happy at all, but it will do him good! He was beginning to assume certain proprietary airs."

Lissa's well-trained butler announced dinner, and when Kin and Merry were at the table, Kin said cautiously, "Not that I wish to throw my weight around or be an old-fashioned parent, but I suppose the young man in question was Mike Channing? I seem to stumble over him every time I come into the place."

"Do you like him, Dad?" Merry did not realize that her voice was anxious.

"Oh, he's a nice enough guy, I'm sure. Of course the man I'd be willing to see you marry, chick, hasn't been born! And I doubt if he ever will be! Anyway, you're much too young to even think of marriage."

Merry laughed. "Leave us face it, darling. I'm almost 18. And down home a girl who reaches that age and who isn't keeping steady company is considered well on the road to being an old maid. You wouldn't want me to be an old maid, would you?"

"Well, I haven't known her so long, sir, and my experience with women hasn't equipped me to understand a girl like Merry. Though I'm working on it, I assure you."

THE butler brought in the handsome silver coffee service and put it down. Merry seated herself behind it, her cheeks pink, her eyes puzzled and resentful of Mike's behavior.

"Will you have some coffee, Channing?" suggested Kin politely.

"I suppose Merry has told you that she and I are going to be married?" Mike brushed aside Kin's politeness.

"Mike!" protested Merry sharply.

"Why, no, as a matter of fact she hasn't." Kin and Mike were taking no notice of Merry's startled, indignant eyes. "Suppose you tell me."

"Gladly. I've been pursuing her madly since the day I first met her. I have every intention of marrying her, and no intention of waiting much longer," began Mike.

Kin said curtly, "Just a moment, Channing. You seem to forget that Merry has something to say on the subject."

"Merry is also in love with me," Mike said shortly.

"I'm not a bit sure I am," flashed Merry, and added helplessly, "Oh, this is the craziest conversation. Dad, he's been going on like this for ages, but I didn't think he meant it. I still don't think so."

"Then you are far more stupid than I thought," Mike told her sharply. "What am I supposed to do to make you take me seriously?"

"Just behave a little more naturally," said Merry sharply. "The very first day we had, you started pitching woo."

Mike's face hardened and his eyes were grim.

"A more revolting expression I've seldom heard," he snapped. "I told you then I thought I was falling in love with you."

"And admitted you didn't like the idea."

"And I still don't! But darn it, there it is. I'm in love with you, and I'm miserable when I'm away from you."

Market Report over WLDS at 11:10

Cook small white onions, mix with cooked green peas, season well with salt and freshly ground pepper, add a generous amount of butter or margarine and heat thoroughly before serving.

A quarter pound of grated soft yellow cheese may be added to two cups of medium white sauce. Stir the sauce over low heat until the cheese is melted, then use as a dressing for vegetables.

DOG REVERSES SELF ON RABBIT

Sydney, Australia. (P)—A wild rabbit was recently helped in Australia by a dog which a few minutes earlier had been trying to kill it.

Pursued by a dog, a rabbit at Mildura, Victoria, ran to a wharf on the bank of the River Murray and toppled in. It set off for midstream followed by the dog. The owners of the dog, two schoolboys, set after the two in a boat. After swimming strongly for 100 yards the rabbit began to weaken and the boys grabbed it and then hauled the dog aboard. Watched by the boys, the dog licked the rabbit dry while it snuggled against it for warmth. Reaching land, the rabbit ran for its life, not this time pursued by the dog.

The first hydroelectric station in America was built in Appleton, Wis., in 1882.

Pledges To Eliminate Unneeded State Jobs

Camera Hobbyists To Launch Club Next Tuesday

The Jacksonville Camera club, an organization for adult photographic hobbyists, will hold its first meeting at the Chamber of Commerce office in the Gibson building at 8 p. m. Tuesday, Jan. 18.

Sponsors said the aims of the club would be "strictly photographic pleasure." The age limit has not yet been established, but camera fans 18 years old and older are invited to the first meeting. Officers will be elected and a constitution considered.

The Illinois Camera club has promised to help the new group get underway. Competitive print salons are already planned.

The first local showing probably will be sometime in June, in time to send the winning prints to the state contest which is held annually in conjunction with the Illinois State Fair. Last year there were over 3,300 prints submitted by camera club members of this state.

Final Rites at Meredosia For Lt. Ivan Rice

Meredosia — Memorial services were held at the Methodist church Sunday afternoon for Lt. Ivan Rice, who lost his life while serving with the United States Air Force during World War II.

The American Legion Post 516 and the War Dads of Jacksonville, attended in a body.

Many friends, including war buddies and citizens of Graveling, Mich., came to pay their last respects to Lt. Rice. Rev. H. R. Coulter, local pastor, conducted the services.

"No Night There," and "Rock of Ages" were sung by Mrs. Charles Herbert and Mrs. L. H. Weghoff. Rev. Coulter sang "My Country," with Mrs. H. A. Naylor at the piano.

Casket bearers were Kenneth Nunn, Audrey Hyde, Baird Christman, Harlan Yeck, Kermit Munman and Byron Wilker.

The many beautiful floral tributes were cared for by Mrs. Lorraine Vandevanter, Mrs. Chas. Metz, Mrs. Richard Clark, and Miss Agnes Wilker. Grave-digging rites were conducted by the American Legion. Rev. Wernemack, post chaplain, presented the burial flag to Mrs. Rice.

White Hall Church To Install Pastor Monday Evening

White Hall—The Alton Presbyterian church Tuesday, January 18 at which time the Rev. Walter L. Wilson will be installed as permanent pastor of the church. The community is invited to attend this service which will begin at 7:30 p. m.

Mrs. Frank McLaren and Mrs. John Neece were hostsess at a party Monday night, honoring Miss Marcelle Kirgan, at the former's home. Schoolmates and close friends were guests.

Miss Kirgan will leave Sunday to begin her training for an infant nurse at the Cradle at Evanston, Illinois. A gift was presented to Miss Kirgan, who will go first to the home of Mr. and Mrs. George Yeeb of LaGrange and from there to Evanston.

The night unit of the White Hall Home Bureau will meet Monday at 7:30 p. m. at the home of Mrs. William Ritchey. The major lesson on care and repair of Home Furnishings will be given by Mrs. Kenneth Graham and Miss Avis Nichols.

Conservation Head To Attend School

John T. Whelan, district conservationist, will leave Tuesday for an eight-day conference on soil management sponsored by the regional office, Milwaukee. The school will be held at Spring Mill state park near Mitchell, Ind.

Thirty men from the eight states in the region will join in panel discussions on 19 different phases of the conservation program.

Springfield, Ill., Jan. 14.—(AP)—Gov. Adlai E. Stevenson said today he is going ahead with campaign pledges to remove the "deadheads and unnecessary employees" from the state payroll under his supervision.

"It can't be done overnight, but we want a full day's work for a full day's pay," Stevenson told a news conference.

The governor controls a big majority of state jobs. His jurisdiction extends over 13 code departments and the various commissions and divisions.

Stevenson declared that "it may be desirable to make efficiency studies of some departments."

"I don't want to lay down any general ukases," he added. "I want to know what the directors think about it."

Stevenson said he is asking the elective state officers to stop the practice of using state policemen for personal chauffeurs. State police are under the governor.

"The uniformed officers ought to be at work as policemen and not as chauffeurs," the governor said.

One exception to the request is the governor himself because "I am told that I have to be accompanied by a state policeman for security reasons."

Gov. Stevenson also told newsmen:

He has appointed three assistants on his executive office staff. They are Louis Kohn, Chicago lawyer; Walter V. Schaefer, Northwestern University law professor, and Joseph Knight of Dow, former secretary of the Illinois commerce commission. Kohn and Schaefer have been on the job since the inauguration.

With the exception of public welfare, he is getting a "great many" applications for the seven department director posts yet to be filled. One new appointment may be ready Tuesday.

He hasn't decided whether to keep Dr. Roland R. Cross as health director.

The first legislation he will have ready when the assembly returns Jan. 23 are deficiency appropriation requests for the public and commonwealth welfare and public safety departments. They don't have enough money to last through the fiscal period ending June 30.

He has received the "utmost cooperation" from both Republican officials in the switchover to the new Democratic administration.

Farmers Must Sign Requests For ACP Pay - Hembrough

All farmers of Morgan county are eligible to participate in the Agricultural Conservation Program which is now being set up by local committees for the 1949 year.

In emphasizing this point Wallace T. Hembrough, chairman of the Morgan county Agricultural Conservation committee, made it clear that all farmers are not only eligible to take part in the program, but are urged to do so. It is a government program and its purpose is to promote the conservation and improvement of farm lands, he pointed out.

Under this ACP program, farmers are offered payment assistance for carrying out specifically approved conservation practices on their farms. "These payments cover only a part of the actual cost—so it actually a plan under which the farmers and the public through the government cooperate in preserving our basic wealth of good soil," Mr. Hembrough said.

Practices to be offered in 1949 are: Constructing and establishing sod waterways, contouring intertilled crops, contour farming of drilled or close-sown crops, standard terraces, pasture establishment or improvement, green manure crop, water channel flumes or ditches and outlets, liming materials and fertilizers.

"These are all good practices. They will pay off good dividends to farmers carrying them out in the form of better crops and better land resources," the chairman said.

In order to take advantage of the program, a farmer must sign a request with the county committee. The committee will endeavor to notify all farmers of the exact time and place for filing this request.

Illinois Valley Walther League Will Meet Here

Sunday, January 23, there will be a rally of the Illinois Valley Walther League Zone at Salem Lutheran church, taking in the area from Warsaw and Quincy to Jacksonville and Havana. The meetings will be held at 2:30 p. m. and continue through the evening.

Warren Brune, president of the local Senior Walther League, states that the presence of the executive secretary of the International Walther League, "Chief" W. E. Weierman of Chicago, insures an intensely stimulating and interesting meeting. Rev. H. H. Koppelman, until recently pastor of Salem church and now executive secretary of foreign missions of the Lutheran Church—Missouri Synod, will be the speaker in the vesper service, 6 p. m.

The entertainment will be amply taken care of in an evening social hour when Kniffe, the Magician of Springfield, will entertain with his "foolers."

Orders Expansion Of Army Reserves

Washington, Jan. 14.—(AP)—Secretary of the Army Royal today ordered a stepped-up organization and training program for six divisions of the army Organized Reserve Corps.

The divisions now are made up of reserve officers who attend training sessions once a month. Under the new order, they ultimately will include a full complement of officers and a nucleus of enlisted reserves for training at least twice monthly.

President Truman last fall ordered the armed forces to expand its reserve training program.

The divisions include 21st Armored of the Fifth Army Area (the Chicago midwest).

Three Men Killed In Plane Crash

Fayetteville, N. C., Jan. 14.—(AP)—A paratroop jump master sent 36 men sailing safely on silk from a falling C-52 "flying boxcar" today, then rode the big plane into a crash landing without injury. Three crew members died.

Sgt. Robert Lee Hodgkiss of Mt. Pleasant, Ohio, found the big ship at too low an altitude for him to jump after he had shooed the 36 members of the 505th Regiment out of the hatch. Some of them were pretty late themselves in getting out. But they made it. Three were hurt. At least two hung up in trees when their chutes caught on limbs.

The three killed remained with the ship and their bodies were removed from the wreckage.

Democratic Women Hear Address By John T. Taylor

John T. Taylor was the guest speaker at the January meeting of the Democratic Women's club.

Using as his subject, "History of International Cooperation" Mr. Taylor cited specific incidents to show that building a United Nations has been growing since antiquity and that after every period of war there came groups of ideas on how to keep the peace. Although these ideas have been advancing slowly, they lacked force to make them permanent.

The industrial revolution, postal laws, etc., have helped to keep nations friendly. When the realization comes to all peoples that if we have peace it must be built positively, then the Federation of United Nations will be realized, he declared.

The meeting opened with the pledge of allegiance led by Mrs. Dorothy H. Taylor. President Hazel Strawn was in charge of the business meeting. She described the ceremonies of the Governor Stevenson's inauguration. Miss Mary Wail, January program chairman, presented the speaker of the evening.

Refreshments were served after the social hour, at which time bingo was played. Hostess Chairman Mrs. Elizabeth Doolin was assisted by Mrs. Nan Milburn, Mrs. Dorothy Vanwinkle and Miss Fern Haigh.
